Dear Mr. Haddock,

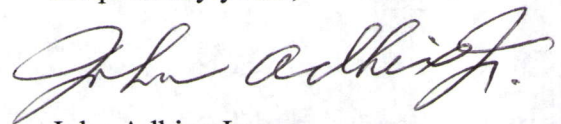

I am writing in response and a follow up to our two telephone conversations concerning the status of the rock quarry in Summit County, 10 miles East of Coalville known as Adkins' Rock Products. You stated on the telephone you could not find the \$1,500.00 cash reclamation bond posted with the Division of Oil, Gas and Mining in 1998, by Wes Hansen, when he had this quarry permitted with Lynn Kunzler as the inspector.

I made two trips to Quality Stone office, but neither of Wes's daughters were there. I had the secretary take copies of your letters sent to me and left my name and address with instructions for them to contact me. They have not responded.

Please direct any future concerns you have directly to Quality Stone, as Wes Hansen was the permittee.

Thank you for your cooperation in this matter.

Respectfully yours,

John Adkins Jr.  
P.O. Box 386  
Coalville, Utah 84017

P.S. I would appreciate a copy of anything you send to Quality Stone.
